I am commissioned in the state of Texas for both mobile and remote online signings. I have trained with several top companies. I am insured up to \$1,000,000 and bonded.

I have performed over **800 signings** for Buyers, Sellers, Refinances, Reverse Mortgages, HELOCS, and Loan applications, Wills, POAs and more.

- **Loan Signing Agent:** As an LSA, I have performed over 800 signings, both in person as a mobile notary and on line as a remote online notary (RON). I also spent over a year auditing notary files for a major signing company and their major title client. This afforded me the opportunity to see lots of lender requirements all over the country.
- **Certified Trust Delivery Agent:** As a Certified Notary Trust Agent, my mission is to ensure a seamless and efficient experience for both you and your clients. I will take your Estate Planning document packages to your clients, oversee their signatures, notarize and distribute according to your instructions.

My mission is to perform signings according to the following tenets:

- **Trust:** I am committed to total transparency pertaining to communication, document presentation, and execution.
 - **Safety:** I will create a safe environment for my clients to perform their closing duties according to the clients' needs.
-

- **Knowledge:** I am dedicated to keeping up with ever-changing laws and regulations.
- **Ethics:** I pledge to act in accordance with the utmost rigid examples of ethical conduct in all dealings.

I cover Dallas, Denton, Collin, and Tarrant counties in Texas. But I am also credentialed in RON.
