ORLANDO CRIMINAL DEFENSE LAWYER

WE ARE HERE TO HELP THE INJURED AND ACCUSED

In addition to passionately fighting for those who need to file a personal injury lawsuit, we also provide exceptional guidance to individuals as criminal defense lawyers. If you have just been charged with a crime, there may be many thoughts racing through your head. How can I fight it? What if I am convicted? What will happen to my family? We know that you are in a difficult position and our defense attorneys want to do all that we can to make this scary situation just a little bit easier. Whether the criminal charge is a minor misdemeanor or a felony that carries steep penalties, the outcome of a conviction can be felt in various aspects of your life for years to come. With all of that pressure, you are not expected to manage your own defense without qualified legal help.

At The Umansky Law Firm Criminal Defense & Injury Lawyers, our Orlando criminal defense lawyers can be your partner in the fight, and help you maintain your livelihood, education, and family. Our team of defense attorneys has over 100 years of combined legal experience, and consists of former prosecutors on the state and local level. Having previously tried people who were alleged to have violated the law, we know the kinds of tactics used by the state to get a conviction. We regularly implement that knowledge to help our clients in any way possible; whether that means engaging in early negotiation for pre-trial diversion or building a rock-solid defense for trial.

Everyone deserves to be heard and to have a committed partner by their side as they fight for their rights. Your second chance starts with us.
